Steve -

Thanks, yes that sounds good.

Mike

Mike and David,

Soon an aquifer exemption data package for Arroyo Grande oil field will be headed your way in preparation for the State's formal request for an SDWA exemption for the zones involving oil field operations. The public hearing is being scheduled now.

Seems to me that you and others at EPA might benefit from an overview presentation by the

Division technical expert who was the lead on the assembly of the package.

Is this an item you would like to include in the agenda for the meeting on Wednesday?

Steve
